

THE SPACE

The Gallery at Nice Things offers an attractive exhibition space in a beautiful setting. Situated in Ramsgate town centre, the building is in a prime location, recently renovated and well looked after. The large window makes it attractive to visitors and feel very accessible. The interior is divided into The Gallery area and a retail area which is colourful and professional, displaying high quality handmade ceramics, textiles, glass and jewellery by East Kent makers and others from further afield.

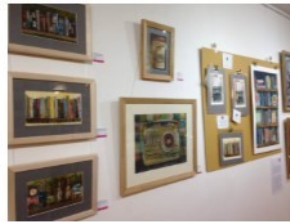

The Gallery occupies around a quarter of the full 784 ft² retail area, with 26ft of wall space 8 ft high, fitted with a cliprail hanging system and pinspot lighting.

Thank you for a lovely evening. Such nice people came and I was touched that some people had come specially. You made my paintings look wonderful with the perfect lighting.
